

Council on Black Health
National Black Organization Partnership Roundtable Meeting
April 6, 2021
1:00 – 2:30pm EST

Agenda

1) Welcome/Check-in

2) CBH & Partner Updates (brief & project related)

Shavon Arline-Bradley

NBCDI Update: Successful bill for Healthy Mothers and Healthy Babies

CBH Update: Releasing Black Health Bill of Rights

Evaluation Update: Sarita will connect with the Council on next steps for the evaluation.

3) Updates on Georgia Legislature process

Rhonda Briggins

Review attached presentation.

Note: The bill is still alive. We will continue to pursue in the 2022 Legislative Session. In moving forward, it would be beneficial for the Partnership to be aware of similar bills being proposed, and have educational materials for those that testify during the legislative session.

4) Opportunities between Legislative sessions

**Rhonda Briggins /
Shavon Arline-Bradley**

In between legislative sessions, the NBO Partnership should work on gathering letters of support, producing educational documents about the importance of the bill, and clearly define wraparound services.

5) Additional Policy Initiatives

**Shavon Arline-Bradley /
Melicia Whitt-Glover**

The NBO Partnership initially discussed focusing on two initiatives. We will need to discuss and decide on the next initiative. A core value for the Council is that racism is a public health issue, keep this in mind when considering our next policy initiative.

Potential Initiative Topics – Built environment, food access, healthcare access and quality, family engagement, mass incarceration

6) Next Steps

Shavon Arline-Bradley

- Create educational one-pagers
- Gather letters of support
- Rhonda and Shavon will develop a timeline for next year
- Send thank you note to both the House and Senate Education Committees, include educational information and signatures from all NBO partners.

7) Closing
