

**Council on Black Health
National Black Organization Partnership Roundtable Meeting
May 4, 2021
1:00 – 2:30pm EST**

Agenda

1) Welcome/Check-in

2) Next Steps – Wraparound Services Bill

Shavon Arline-Bradley

Next Steps discussion. The bill needs more cultivation and clarity. Every organization will need to participate in educating the legislators. We need to split up the assignments. We will continue to develop over the next month. We need to identify additional champions within the legislative branch. The 2022 year will be interesting because there will be many activities in Georgia legislation.

3) Additional Policy Initiative

Expanding Wraparound Services to Additional City
Food Security/Food Access
Discussion and Vote

Melicia Whitt-Glover
Kristen Cooksey Stowers
NBO Partners

Reviewed several potential policy initiatives (expanding wraparound services to other states, nutrition/SNAP benefits, racism as public health crisis). Several organizations have strong chapters in Charlotte and/or Chicago, and can help with work in those cities. There were a lot of ideas discussed, the Partnership will need to be specific about our next initiative. The internal CBH team will narrow ideas, and present to partners.

Discussion about the continuation of the NBO Partnership. Many expressed continued commitment to the work of the NBO Partnership, and highlighted the importance of this partnership in today’s climate. Discussion about the NBO Partnership providing position statements on important topics, and demonstrating how issues are connected. Also, we want to show that this type of partnership is effective.

4) Next Steps

Shavon Arline-Bradley

Continue the discussion on the next initiative for the NBO Partnership with specific ideas from internal CBH team.

Discuss with team about meeting length. Should the length and frequency of call be adjusted?

5) Closing

Shavon Arline-Bradley
